## Order Instruction for EP series

| Operation angle |  |
| :---: | :--- |
| 1 | $0^{\circ} \sim 90^{\circ}$ |
| 2 | $0^{\circ} \sim 45^{\circ} \sim 90^{\circ}($ S Type $)$ |
| 3 | $0^{\circ} \sim 180^{\circ}($ S Type $)$ |
| 4 | $0^{\circ} \sim 90^{\circ} \sim 180^{\circ}($ S Type $)$ |
| 5 | $0^{\circ} \sim 270^{\circ}($ S Type $)$ |

## Position indication

| 0 | None |
| :--- | :--- |
| 1 | $360^{\circ}$ visible indicator |
| 2 | $360^{\circ}$ visible LED indicator |

## Outer hanging unit

| 0 | None |
| :--- | :--- |
| 1 | Field control unit |
| 2 | Smart field control unit |
| 3 | Non-invasive junction box |
| 4 | External power failure reset unit |

| Outage mode |  |
| :--- | :--- |
| 1 | Manual override |
| 2 | Rechargeble li-ion battery |
| 3 | Rechargeble supercapacitor |
| 4 | Spring return, fail close(developing) |
| 5 | Spring return, fail open(developing) |

| Corrosion protection |  |
| :---: | :---: |
| D | C3-02 |
| E | C3-03 |
| F | C3-04 |
| G | C3-05 |

| Water-proof grade |  |
| :---: | :--- |
| 1 | IP67 |
| 2 | IP68 |
| 3 | NEMA 4 |
| 4 | NEMA 4X |
| 5 | NEMA 6 |
| 5 | NEMA 6P |

Input voltage

| 1 | 12 V DC |
| :--- | :--- |
| 2 | $24 \mathrm{~V} \mathrm{AC} / \mathrm{DC}$ |
| 3 | $110 \mathrm{~V} \mathrm{AC} / 1 \mathrm{PH}$ |
| 4 | $220 \mathrm{~V} \mathrm{AC} / 1 \mathrm{PH}$ |

## Note:

- For outage mode selection, capacitor reset mode is only available for EP200 and below sizes.

Please refer to Page 21-23 for parameters and outline drawings.

- The customized functions are available for EP200 and above sizes.

## Order Instruction for EA series

## Order Instruction for EPQ series

## Note:

- For outage mode selection, capacitor reset mode is only available for EPQ115/EPQ215/EPQ315.

Please refer to Page 21-23 for parameters and outline drawings.

- The customized functions are available for EPQ415 and above sizes.
